

Residence Hall Network Requirements

To use the dormitory network at Clinton Community College, please ensure that your computer meets the following specifications:

For Windows PCs:

- ✓ Processor: 200 MHz Intel Pentium or equivalent or better
- ✓ Operating System: Windows 95/98/ME/NT/2000/XP
- ✓ Memory: 64 MB or better
- ✓ CD-ROM: 4x or faster
- ✓ 10/100 base T Ethernet Adapter installed (available for purchase, installation available)
- ✓ 10-12 foot Category 5 Ethernet Cable (these may be purchased at the bookstore)

For Apple PCs:

- ✓ Processor: PowerPC or better (G3 or better recommended)
- ✓ Operating System: Mac OS 8.x or better
- ✓ Memory: 64 MB or better
- ✓ CD-ROM: 4x or faster
- ✓ 10/100 base T Ethernet Adapter installed
- ✓ 10-12 foot Category 5 Ethernet Cable (these may be purchased at Staples or RadioShack)

Note that these are the minimum specifications. A faster processor and more memory will allow for a more enjoyable computing experience.
