## What if Financial Aid Doesn't Meet Expenses?

Financial aid is meant to *supplement* a student's own means of paying for education. Awards are not guaranteed to cover all costs. In such an instance, a student or parent may wish to borrow under the Department of Education's Direct Loan Program. Loan information can be found at: [www.clinton.edu/financialaid](http://www.clinton.edu/financialaid).

- Contact the Financial Aid Office during **WEEK 1** of classes for Federal Work Study positions.
- Contact the Bursar (518-562-4134) for tuition payment options.
