SUNY General Education Requirements for A.A. and A.S. Degree Programs

The Board of Trustees of the State University of New York has adopted a General Education Requirement which requires all associate of arts, associate of science, and baccalaureate degree candidates to complete a comprehensive general education curriculum as a condition of graduation.

The SUNY General Education Requirement (SUNY-GER):

- **Thirty credits in a minimum of 7 of 10 SUNY-GER subject areas**
- **Basic Communication and Mathematics areas are *required***

If a SUNY sending institution certifies that a student has completed the SUNY-GER, then the receiving institution must accept that requirement as being met.

For Transfer to Non-SUNY Institutions

Most colleges stipulate their own general education course requirements. Students who plan to transfer to four-year colleges or universities outside the State University of New York should check with the transfer institution to determine the recommended general education courses.

For additional information about transferring to a non-SUNY college, contact the CCC Counseling and Advisement Office.
